

EC BLOWER

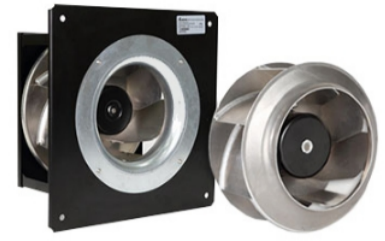

- Metal or Plastic impeller depending on models
- All include inlet cone / nozzle
- Box frame / mounting bracket as option
- Available motors with PPFC or APFC
- CE/ TUV/ UL certified

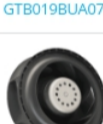

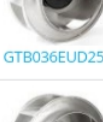

EC Centrifugal Blowers

Delta manufactures centrifugal fan and EC motor assemblies for a range of industries and applications. Delta provides value-added benefits of local stock, large production capacity with 13.7 million square feet, extensive reliability testing and strict quality control. For more information on Delta electronically commutated fans, please [Contact Us](#).

- Optional inlet nozzle and mounting bracket
- Variable input range
- APFC, PPFC
- 0-10V PWM speed control
- RS485, Modbus
- UL/cUL

Standard models are listed below. Additional designs can be made available for specific application requirements.
